### MISSION

**The Mission of Kilolo District Council is to provide quality & sustainable services to its community through priotization & maximazation of resources utilization under good governance, rule of law, democratic practices and proper involvement of internal & external stakeholders**

The above mission leads us to commit ourselves to play a vital role in ensuring that there is effective delivery of quality services to communities so that they attain sustainable good livelihood. In order to meet the above commitment, our trust would be:

- Strong cooperation with all line ministries and donor community through existing government machinery.
- Peace and stability through of good governance. Improve and modernize working environment so as to have a high level of human development.
- The Medium Term Expenditure Framework (MTEF) for the Kilolo district council 2016/2017- 2018/2019 reflects an attitude engineering change in provision of sustainable services to the community.

The District Council appreciates all the efforts contributed by all stakeholders to make Kilolo sound around the region, National and World wide. It's not so easy to mention all by names, but I do say that we real find grateful towards Kilolo Development strategies.

Sincerely thanks should also go to the leading ministries (PMO-RALG, Ministry of finance and Economic Affairs) for your advices, recommendations and directives to our way of success. All what you have done to us is recommendable for the betterment of our communities.

Kilolo District Council's "Motto" is **"while others are walking, we must run to catch and overtake them"**

  
JOSEPH MHUMBA  
DISTRICT COUNCIL CHAIRPERSON  
KILOLO

## **SUMMARY OF THE DISTRICT PROFILE**

### **THE DISTRICT PROFILE – AREA AND EXTEND**

Kilolo District is one of the four Local Authorities forming Iringa Region. The district extends between Latitude 7.0° and 8.3° south of the equator and between Longitude 34° and 37° east of the Green - which. The District borders Mpwapwa and Kilosa Districts to the north, Kilombero District to east, Iringa District council to the west and Mufindi District to the south. The district is divided into 3 divisions, 24 Wards, 106 Villages and 555 hamlets with 46,002 households, with only Parliamentary Constituency.

### **TOPOGRAPHY, CLIMATE AND LAND USE:**

With the exception of a few plateaus, the district is mountainous with Udzungwa Mountains and several steep slopes and lies at an altitude of between 900 metres to 2,700 metres above sea level, covered by alluvial soil. Udzungwa Mountain ranges are the common features of Kilolo District and divide the district into East and West. Udzungwa Mountains separate Kilolo district and Kilosa district of Morogoro region in the east. The northern parts of the district are relatively flat, high plain cut by the eastern arm of the Great Rift Valley in which the Great Ruaha River runs. Because of the high altitude the district experiences temperate climate with low temperatures below 15°C and long rainy seasons. However, temperatures and rainfall vary with the altitude. High altitudes between 1,500 – 2,700 metres above sea level fall under cold zones with temperatures ranging between 8<sup>0</sup> – 10<sup>0</sup> centigrade and rainfall vary from 1,000 – 1,600 mm. per annum. Areas of low altitude such as Mahenge plains experience high temperatures of 15<sup>0</sup> – 27<sup>0</sup> centigrade with unreliable rainfall normally ranging between 500 – 600 mm. per annum.

### **ADMINISTRATIVE SET UP AND POPULATION:**

Kilolo District has a total population of 218,130 inhabitants of whom 105,856 are male and 112,274 are female (**Source Census August 2012**). The district also had 51,455 households with a carrying capacity of 4.3 People per household. The population was furthers estimated to grow at 1.9% per annul which is below the national average of 3.4% per year. It is anticipated that by 2014 the population will have grown to 238,194 of whom 93,940 will be children between 0 to 14 years 136,338 will be adults between 15 to 64 years and 7,916 will be the old age people (dependants).

The District estimates to have Maternal Mortality Rate of 65/100,000 live births against the National average of between 464/100,000 live births.

The common ethnic groups include:- Hehe (major), Bena, Kinga (mainly

business people), Sagara at the lowlands, Gogo and the recently Masai, and Barbaig migrants have moved into the district and they are widely livestock keepers including Cattle, Goats, Sheep and Donkeys.

About 98% of the people of Kilolo will continue living in the rural areas mainly pursuing peasant agriculture with a low based income per capita.

Kilolo population is reported to have high morbidity with related high mortalities due to: Malaria, Acute respiratory infections, Pneumonia, Diarrhea, Eye diseases, Skin infections, Anemia, Ear infections and Problems related to reproduction

The leading killer diseases are: Malaria, Anemia, and Pneumonia, Complicated pregnancies, Diarrhea, HIV/AIDS and Cerebral spinal meningitis.

The major health problems related to primary health care are inclusive of High maternal mortalities rate, High infant mortality rate and High child mortality rate.

It is estimated that about 98% of the population living in rural area, due to this fact the majority of the Kilolo dwellers are poor. Also evidence shows by various reports that 92% of the Tanzanians are poor and reside in rural area (URT 1998). The District Council GDP annually is Tshs. 80,743,000,000 (80.74Bn) based on studies undertaken in 2008. Kilolo District per Capita income is Tshs. 362,841 based on the survey conducted in 2008.

### **INSPECTORATE OF SCHOOLS**

It is the department in the Council which has been currently decentralized to the Local Government Authority. It is staffed by 8 inspectorate officers whose responsibilities are to inspect the education career and performance for primary education in the District.

### **FOCAL DEVELOPMENT TRAINING COLLEGE**

There is one focal development training college in the district. The college pursuing the following training;

- Masonry
- Carpentry
- Introduction to Computer
- Tailoring
- Agriculture and Livestock

### **TRANSPORT AND COMMUNICATION INFRASTRUCTURE**

The road network of the district is 736.35 kilometres out of which 38.2% are feeder roads whose condition is generally poor and during the rainy seasons about 60% of them become difficult or totally impassable. The Dar-es-Salaam – Tunduma road (Tarmac road) passed through the district at Ruaha Mbuyuni village bordering Morogoro region and Lundamatwe Village bordering Iringa district.

Radio call communication services have improved in the district there are 6 radio calls in the missionary centres (mainly Roman Catholic Church), Council owned 6 radio calls under various development programmes and 5 radio calls are installed in the far to reach health facilities. Telephone Services are available in the District; however in some villages mobile phone services are not available. There's also accessibility of electricity at Kilolo Town, Luganga, Ilamba, Kidabaga Lulanzi, Utengule, Ihimbo, Mazombe, Ikokoto, Kitonga, Mtandika B, Ruahambuyuni and Ilula town.

### **HEALTH SECTOR**

Kilolo District Council has managed to create Health infrastructure in all 24 Wards. Health facilities in the District consist of 1 Hospital (DDH), 2 Health Centres and 52 Dispensaries among of these Dispensaries 35 are owned by Government, 16 are by private sector and 1 is parastatal.

The fact that most of the health facilities are publically owned is an

indication of the government awareness of the need for health services. The District is continuing rehabilitating of health facilities, staff houses and supply of medicine in collaboration with private sector.

Health sector aims at solving the **problem of morbidity or sickness along the mortality and these are the key target of** any health service development effort.

## **AGRICULTURE**

Agriculture is a back bone for the majority of the community of Kilolo District. About 787,313 hectares and potential area for cultivation is 418,177 hectares for various crops, the current cultivated area is 127,889 hectares. The district have favourable land for irrigation purpose, there are 5,649 hectares that are favourable for irrigation schemes. But due to undeveloped irrigation scheme there are 1,810 hectares are utilized through irrigation technology. Up to the moment there only eleven improved irrigation schemes such as Nyanzwa, Mdaila, Magana, Mgowelo, Ikula, Mgambalenga, Kilalakidewa, Lukani, Msosa, Ukumbi na Ruaha Mbuyuni.

## **LIVESTOCK**

Livestock keeping is among of the major economic activities, which employs a good number of people for their livelihood. Livestock keeping is practiced mainly in the highland zone, midland zone and lowland zone. Most of the indigenous cattle are found in the lowland zone which has plenty of grass for animal feed as well as water since it is crossed by Ruaha & Lukosi River and several streams passing from the highlands. On the other hand the zone faces the problem of environment & degradation following highly concentration of stocks in the area and migrations in large number from northern dry areas.

Most of the livestock is indigenous reared under poor management and left to roam freely in search of food, hence the low productivity level whereby number of indigenous cattle is 61,191, Indigenous goat 34,044. While dairy farming is undertaken on a large and small scale. At present there are 2,076 dairy cattle and 731 Dairy goats in the District. Other animals found in the District 2016/2017 is 9,645 Sheep, 34,347 Pigs, 365,872 Indigenous chicken, 16,226 Layers and 1530 Broilers.
